How To Add A Device To My Account: How To Add A Device

Synopsis

Everyone is having trouble to add a device to their Account and they seem to be frustrated as it is hard to find the answer to this problem. This small valuable eBook solves this problem and shows you a Step by Step with Screenshot Pictures to show you exactly what to do and where to go. It has been made for your convenience to get on with life the easy way. However I must say to my readers, many parts of this eBook is found on itself for FREE, but other information is my own researched collaborated with information to provide the easy solution for you instead of trying interpret something you may not understand, I have interpreted it easier for you. I have also used " My Own screenshots of my account " to show through pictures where exactly you need to go and labelled them on my own for customers to see where they need to go, and ease of a recipe. Enjoy this valuable eBook.

Customer Reviews

I downloaded another one of this person's uploads where he simply copied the Customer Review Guidelines and uploaded them so you can pay a buck forty seven to read them. Two stars vs one since if he pastes info from , it's probably reliable. I am choosing not to download this from KU since

I don't want to waste my time and show even that modicum of support for this uploader. Based on his other upload, I am guessing the info copy pasted in this can be found here <https://www..com/mycd> Or you can Google, Manage My Content and Devices If all else fails, contact Customer Service or the Customer Help Forum or the Kindle Forum and they will be happy to help you out. Again, if I saved you money please donate it to the charity of your choice, or even throw it in the sewer, just don't download this upload.

Literal copy paste from info that I can get free by navigating the site.

Not helpful. Waste of money.

I did NOT order this book, nor did I receive it. If I clicked on it, it was a mistake. If I have been charged for it, you owe me a refund.

Very helpful!
