Prioritization, Delegation, & Management Of Care For The NCLEX-RN® Exam

Synopsis

Master the critical-thinking and test-taking skills you need to excel on the prioritization, delegation, and management questions on the NCLEX-RN®. Over 1,000 questions in the text and on DavisPlus focus only on prioritization, delegation, and management of care issues pertaining to individual and multiple clients with an emphasis on alternate-format-item questions. Three sections provide you with three great ways to study. In the first section, you'll find individual and multiple client care-focused scenario questions organized by disease process with rationales and test-taking hints. The second section features seven clinical case scenarios with open-ended, NCLEX-style questions. The third section is a comprehensive, 100-question exam.

Preparation & Review

Customer Reviews

This book needed to go through editing a couple more times. NCLEX questions are not supposed to have two correct answers unless they were select all. There were spelling errors and answer errors all over the book. I shouldn't have to wade through the rationale to see that even the book was wrong.

Really helped me prepare for those lovely NCLEX questions on nursing school tests that deal with prioritization!! I would suggest doing at least 500 practice NCLEX questions before each test.

This book is really helping me learn to prioritize and delegate better. I love this book and would recommend it to everyone that is studying to take the NCLEX soon. Thank You.

DO NOT BUY THE EBOOK VERSION!! I just purchased for my kindle and it keeps closing out of the book before I can even read any of the content. Total waste of \$28 because I can't even read it to find out if it's helpful

The use of the NCLEX style questions have helped my students to solidify the professional review curriculum that I am teaching them.

Excellent resource review book! A must have for an NCLEX candidate!

Very helpful! Used this to study for nclex and passed!!!

Help me to pass boards. Very good. Easy to understand.
