## Customer Reviews

I enjoyed every bit of this book -it was informative and step-by-step simple to follow. I have been using the guidance of this book for about 2 weeks and have had excellent results. I haven't met my angels, but I have discovered they are there and have come to understand they are ready to help me. I've always known, somehow, they were there but this book has helped me to realize they need to be asked for their help. This is truly a book to help anyone learn to work with their angels.

This book has reinforced my spirituality with angels. By reading this book, it made my emotional and intuitive thinking so very positive. It made me more positive about the things around me and gave me hope.

what an amazing book this is. i learned so much from it and kelly keeps you interested from the beginning sharing her story about her exper. she had with angels and her family too. i really like the ideas she has to help you connect with angels and show you how to recognize the signs that are out there. when my mom passed away it was so hard for me and then i started seeing signs from her and knowing what they meant and having that exper. with the help of this book made me heal. i definately recommend this book. ;)

This is a nice little book, and I recommend it. I've never had much interest in angels, but this book was informative and comforting. It was helpful to read about the subtle ways in which angels let us know that they are around us. The meditative activities were also well conceived. The book is well worth the cost.

A great book about communicating with your angels in simple terms helpful for everyone. The angel board idea is awesome as well as the meditations.

Very easy to read and understand. I good guide to help you start to connect but then again I believe in angels. I am very happy I bought this book, I will be referring to it over and over.

I had a lot of questions but all ways answered and how I Kimberly could communicate with with my Angeles I truly can't wait to try all the suggestion that Mrs. Kelly gives in this brilliant book I am very excited about all Mrs. Kelly said and I plan to try each and every one of them plus writing to my Angeles Thank You for writing such a lovely book and teaching me how to start communication with my Angeles. God Bless

This was a very good book to read. The language was perfect for everyone to understand. It was very clear and concise and not repetitive. I love this book!!!
