"Don't Forget To Sing In The Lifeboats": Uncommon Wisdom For Uncommon Times

Synopsis

Uncommon times call for uncommon wisdom. It's inspiring to hear from people who've graduated from the school of hard knocks, yet kept a sense of humor. People like Twain, Voltaire, Oscar Wilde. People who've said the thing so well that we all wish we'd said it. People who've been there, done that, and refuse to sugarcoat what they've learned. People who know, as Sherry Hochman puts it, that "Every day is a gift • even if it sucks." From Kathryn and Ross petras, curators of craziness (and surprising smarts), comes a timely collection of reassuring reality: "Why is there so much month left at the end of the money?" • John Barrymore "October. This is one of the peculiarly dangerous months to speculate in stocks in. The others are July, January, September, April, November, May, March, June, December, August, and February." • Mark Twain "I know God will not give me anything I can't handle. I just wish he didn't trust me so much." • Mother Teresa "When one burns one's bridges, what a very nice fire it makes." • Dylan Thomas "If you think you have it tough, read history books." • Bill Maher And Voltaire: "Life is a shipwreck but we must not forget to sing in the lifeboats."

Customer Reviews

To be honest, I purchased this book because I loved the cover and title: "Don't Forget to Sing in the Lifeboats." That little statement just resonated with me on a rainy day because our family has been going through some challenging times this year. The book, a little anthology of quotable quotes, has fulfilled the promise of its cover: "Uncommon Wisdom for Uncommon Times." The whimsical design of the book is such that the reader can casually flip through...pick and choose what to read as mood

and momentary interests dictate. It isn't necessary to read cover to cover. I believe this item is meant to be a browsing book; therefore, it is loosely organized by blue idea/topic prompts, unrestricted to specified sections, chapters, heading collections, and other conventions that are generally found in quote books. For example, a "Money" quote might be followed by "True Grit" quote. A "Silver Lining" quote might come before an "Ironic Twist" quote. I actually like this type of mixed layout because it allows for discoveries, keeping the book a lot fresher for me than if quotes were locked into certain sections. While it would be easier to find specific quotes by specific people if the book had stricter organization elements like a Table of Contents and an index, it would also defeat the purpose of this browsing book. :) A nice feature that appears in this book is the "Who's Quoted" piece at the back. It's an alphabetical listing that contains the names and mini-bios of people who are quoted. The roster offers people from history, literature, movies, pop culture, science, music, art, philosophy, politics....just about every aspect of Humanity one can think of!
